

SONOMA INDEX-TRIBUNE.

SONOMA, JUNE 25, 1892.

H. H. GRANICE - EDITOR

CLEVELAND GETS THE NOMINATION.

Notwithstanding the 72 votes of his own State went against him, Grover Cleveland received the Democratic nomination for President on the first ballot at Chicago last Wednesday. Out of the 896 votes of the convention he received 614. Stevenson of Illinois received the nomination for Vice President. The Democrats of this place will hold a grand ratification meeting at Union Hall next Monday evening.

Kind Expressions.

It is with some source of pride—not vanity mind you—that we re-publish the following complimentary notices from a number of our exchanges for which we feel grateful.

The Sonoma INDEX-TRIBUNE appeared in a new dress of type this week, which greatly improves the appearance of the paper. Brother Granice is publishing a live paper and should receive the support of his entire community.—Healdsburg Enterprise.

The Sonoma INDEX-TRIBUNE makes its appearance in a brand new stylish dress. It is published in the oldest town north of the bay, which had a paper, the Sonoma Bulletin as early as 1851. The Bulletin was published by A. J. Cox until 1855. Editor Cox was a bright, versatile and witty writer. We intend soon to publish some extracts from the paper which will fully prove what is here said of it. The editorial succession has come down with the lapse of time to Brother Granice, of the INDEX-TRIBUNE, who keeps up the early reputation of his town for furnishing a first rate local paper. May it live long and prosper.—Santa Rosa Democrat.

The Sonoma INDEX-TRIBUNE published by H. H. Granice, comes to our office attired in a brand new dress, presenting a neat and prosperous appearance. We wish the INDEX-TRIBUNE a continuance of its marvelous success.—Lodi Budget.

A HOUSEKEEPER'S PROTEST.

Showing up the Bogus Baking Powder Tests.

A San Francisco paper, referring to the schemes of the baking powder testers, who are going through various sections of the State, gives a letter from a house-keeper, exposing the fraudulent character of the performance.

Mrs. Page, says our exchange, writes that she was recently visited by the lady agents of a powder which she did not use, who attempted to show her by boiling and stewing it that there was something wrong about the brand she does use, the Royal. No amount of manipulation, however, succeeded in doing this. The Royal went through all tests triumphantly and without a flaw, and the tester acknowledged herself beaten. The tester then took a can of Royal from her pocket and from that produced almost anything she called for. She said that she had made this test before many housekeepers, and had by it induced them to throw away the Royal. "My opinion is," writes Mrs. Page, "that this testing is a fraud. It was evident to me that the sample of Royal she drew from her pocket had been doctored for the purpose of making these tests, and I cannot see how any sensible housewife could be so readily fooled. I believe also that where they can they slip some substance into the tin in which they boil the water and powder. When they are watched too closely and cannot do it, then they produce the small can expressly prepared for the purpose."

The women who are performing these alleged tests are, perhaps, innocent of the great fraud in which they are participants, but no censure is too severe for the employers, who thus use them to do illicit work, which has brought them before the courts elsewhere.

How well we remember grandmother's attic, so fragrant with medicinal roots and herbs! Poor old soul, how precious they seemed to her! And yet, one bottle of Ayer's Sarsaparilla would do more good than her whole collection of "yarbs."

Take! Take! Take! Simmons' Liver Regulator for dyspepsia, constipation and heartburn.

Fine white paper for lining berry boxes to be had at this office.

Let Me Show You

what a saving I have made during the last year by being my own doctor. Last year I paid out \$96.25 for doctors and their medicine; this year I paid \$5.00 for six bottles of Sulphur Bitters, and they have kept health in my whole family. They are the best and purest medicine ever made.—Charles King, 60 Temple Street, Boston, Mass.

Chills and fever of three years standing cured by Simmons' Liver Regulator.—E. Watkins, Watkins House, Uptonville, Ky.

WHAT A PITY

That so many otherwise attractive, polite and particular people afflict their friends by the foul and disagreeable odor of their breath. It is mainly caused by disordered digestion, and can be corrected by removing the cause by using that pure medicine, Sulphur Bitters.—Health Magazine.

NEW TO-DAY.

Mr. Chas. N. Houser

Of Frederick, Md., suffered terribly for over ten years with abscesses and running sores on his left leg. He wasted away, grew weak and thin, and was obliged to use a cane and crutch. Everything which could be thought of was done without good result, until he began taking

Hood's Sarsaparilla which effected a perfect cure. Mr. Houser is now in the best of health. Full particulars of his case will be sent him who address C. I. Hood & Co., Lowell, Mass.

HOOD'S PILLS are the best after-dinner pills, assist digestion, cure headaches and biliousness.

A 5-inch "Ad"

is not enough to even mention briefly the scores of resorts throughout California.

In **Mountains** we have between Shasta on the north and San Jacinto on the south the myriad peaks of Sierras and the Coast Range.

In **Lakes** there are scores, from the small glacier cups to the great inland seas of Tahoe, Clear and Tuare.

In **Mineral Springs** we have hundreds that cure all sorts of ailments.

In **Seaside Resorts** there are scattered along the coast at convenient intervals enough salt-bathing and recuperating establishments to accommodate all inland leisure seekers.

There is therefore no lack of variety, and no excuse for the dweller by the sea in not making a tour into the mountain, or the dweller in the inland valleys and mountains in not seeking a journey to the sea.

The sum total of these remarks is that your readers need a change; you can better afford to take one than not. Mark that. You can take your choice of localities and you may be breaking some of the commandments if you do not attend to this matter.

COUNTY ITEMS.

A black bear was seen in Chileno Valley, near Petaluma, one day this week. He is evidently the same fellow whose tracks were seen near Senator Fair's farm, a few miles from Sonoma, last Winter.

Petaluma Grange has unanimously resolved in favor of the county Supervisors appropriating \$7,500 for a separate and individual display of Sonoma county products at the World's Fair.

The will of Winfield Wright of Santa Rosa has been filed for probate. The estate is worth nearly half a million and is left to the widow and two children of deceased, S. B. Wright and Mrs. Ed. Hall.

The robber whom Marshal Breitenbach of Santa Rosa took a shot at one dark night a few months ago, and who succeeded in making his escape, has been heard from. He left Truckee for the East a few days ago and before taking his departure wrote a facetious letter to the Chief of Police of Santa Rosa, in which he sent his regards to Marshal Breitenbach.

Babkurk, the Glen Ellen man arrested a few days ago for shooting at William Cook and William Skinner, has been discharged. Babkurk's examination was held before Justice Brown of Santa Rosa last Saturday and the Justice found that the evidence was insufficient to convict him and so discharged him. The parties are new comers employed at or near the Home.

On last Sunday T. J. Irwin and Minor Brown, of Fisk's Mills, were drowned while bathing in the Gualala near Houser's bridge. It seems that Brown went into a deep hole and called to Irwin for help. Irwin hastened to the assistance of his imperiled friend, and the latter grasped him in such a manner that he could not extricate himself, and both went to the bottom. The young men were well known and highly respected, and their untimely death will be sincerely mourned by the community.

Glanders, a most terribly fatal disease to both man and horse, has made its appearance in some parts of this county. The Santa Rosa Republican states that Dr. Davenport was sent out near Sebastopol one day last week, by the District Attorney to inspect some horses reported infected with the glanders. He found one animal in an advanced stage of the disease and it was promptly destroyed. Two other horses showing unmistakable signs and symptoms were ordered in quarantine and are now under surveillance of the law.

TWO RUNAWAYS.

Prancing Steeds on the Pless Ranch go on a Rampage.

On Monday morning last, on the Pless ranch, a six-horse team attached to a disc harrow ran away and threw the driver, Albert Gustavson, an experienced teamster, from his seat. As he struck the ground he was gathered in by the harrow which ran over him, badly bruising him about the face and body, and for a time knocked him completely out. The team, which was a spirited one, became excited owing to the antics of one of the colts and became unmanageable. The driver, however, stuck gamely to his seat, and would in all probability have mastered the unruly horses had not the pole of the harrow broke. As the pole went to pieces Gustavson was hurled from his seat, and the six horses, finding themselves without a guiding hand, made things lively for a while. They were finally secured and were found to have escaped injury. The plucky driver was picked up and brought to town for medical treatment. Gustavson, who is a Dane, forty years of age, is now stopping at one of the hotels in town and is rapidly recovering from his hurts.

On the same morning and on the same ranch and at nearly the same hour, a two-horse team driven by John Wagon, foreman of the ranch, ran away and threw him out of a farm wagon. The two teams were about a mile and a half apart and the one runaway had nothing whatever to do with the other. Foreman Wagon was badly bruised but no bones were broken. He is now laid up for repairs at the Union Hotel and expects to be able to attend to his duties on the ranch in a few days.

BRUGGY MUST HANG.

The Governor Refuses to Commute His Sentence.

Geo. Bruggy's neck will now be broken. The petition sent to Governor Markham some weeks ago, asking that the Windsor murderer's sentence be commuted to imprisonment for life, was duly considered and after mature deliberation he has refused to interfere in the matter. Bruggy, if he does not commit suicide in the meantime, will be hanged in the Santa Rosa Jail next Thursday. About the two most miserable men in existence to-day is the condemned man and the Sheriff, who will be called upon to take him out of his cell and break his neck. There is no doubt that Bruggy is a hard case and is better off of the world than in it, but we are sure that Sheriff Mulgrew, who is kind hearted and gentle, would prefer that the disagreeable task fall to some other man. But the law is inexorable. He has got to put Bruggy out of the way or resign.

Sale Postponed.

The Ewell place, comprising 33 acres of highly improved rich farming land on Sonoma Creek, was put up at auction last Monday by F. F. Ewell, guardian of the estate. Quite a number of people attended the sale, but they were evidently not on the buy, as few bids were offered. The highest offer for the place was \$5,000, which is about \$2,000 or \$3,000 less than the ranch is worth. The bid as a matter of course was not accepted as there is a standing offer of \$7,000 for the property. A few years ago this farm could have been sold for \$12,000, and were it not for the dull times of 1892 it would bring that figure to-day. If no higher sum than \$7,000 is offered for the property within the next few weeks it will in all probability go to the party who has offered \$7,000, as the place has to be sold to pay off the debts contracted by the guardian of the estate. The sale has been postponed until Wednesday, July 6th, at 1 P. M.

We Don't See Why.

We see by the *Republican* of Santa Rosa that a subscription paper is being circulated in that town for a Fourth of July celebration. We don't see why Santa Rosa should raise any money for a celebration. It certainly cannot be to pay bills with. The Fourth of July Committee of that city of two years ago contracted a bill of \$5,000 with this office for printing and to this day the claim has not been satisfied. Now, what do these Fourth of July fellows of Santa Rosa want with money anyhow? If to pay expenses why has not the bill due this office been paid long ago? Now, patriotic Santa Rosans don't all speak at once.

A DEFECTIVE COAL OIL LAMP.

Exciting Scene in Weyl's Hall—Narrow Escape.

Weyl's Hall for the second time within the past few months was the scene of the wildest confusion on Friday night of last week. The occasion was the commencement of the Sonoma Public School. The hall was crowded with men, women and children. Shortly after the entertainment opened a defective coal oil lamp was discovered to be on fire. The blazing lamp hung directly in the center of the hall. Beneath and in the near vicinity of the ignited lamp sat thirty or forty little girls dressed in light dresses. The children became greatly agitated. Chas. Bain, who was seated near by, mounted a chair with the intention of blowing the flames out, but one glance at the burning lamp showed him that nothing could be done to put it out as it was on fire inside and outside of the bowl. At this juncture a member of the Sonoma Volunteer Firemen, went to his assistance and taking in the situation at a glance, saw that a glass lamp on fire both inside and outside would go all to pieces in a few minutes and scatter the burning fluid over the helpless little girls, and cause a holocaust fearful to contemplate, and without thought of danger to himself, coolly took the lamp, which was exceedingly hot, in his bare hands, carried it out of the crowded hall and down a long flight of stairs without faltering. Arriving at the foot of the stairs the night air struck the lamp, which was now blazing far above the chimney, and caused it to go all to pieces. The burning fluid fortunately struck the side-walk five or six feet from the entrance to the hall and did not one any harm and was put out by Robt. Chauvet, Jas. Albertson and John Ludeman. The former sacrificed a fine overcoat in smothering the flames.

When the lamp went to pieces on the outside a lurid flame shot up in the air and illuminated the interior of the hall, and the greatest excitement prevailed. Women and children screamed and fainted and for a few seconds the wildest confusion prevailed. Being assured by a number of cool-headed men in the audience that there was no danger, that the burning lamp was outside the hall and that no one had been harmed, the excitement subsided and the exercises went on without further mishap.

This is the second time this spring that a similar scene has occurred in this very same hall. The first time a lamp exploded at the entrance of the hall at the head of a long flight of stairs and cut off all exit from the building. The fire was put out by two young men, one of whom sacrificed a fine twenty-five dollar overcoat in smothering the flames. Of course he was presented with a new one by the people whose lives he had saved. Not much. He simply made a fool of himself and was out a fine overcoat. Who was the other fool do you ask? We had almost forgotten to mention his name. He is the printer man of Sonoma.

Runaway Accident.

Mr. and Mrs. Helberg and Mrs. Capt. Haut and her three little girls had a narrow escape from serious injury last Sunday. They were out riding in the vicinity of Schellville and the light wagon in which they were seated was run into by a go-cart which was being driven by a couple of young men. One of the shafts of the go-cart struck the horse in the right shoulder and caused him to run away. After running about fifty yards, and when near the Harper place, the two off wheels went all to pieces and all five of the occupants of the wagon were pitched headlong into the road. The ladies and children escaped with slight bruises but Mr. Helberg received an ugly gash on the forehead that caused the blood to flow copiously from the wound.

More Artesian Water.

A fine flowing artesian well was struck on the Carl Dresel place last Saturday. The water, which gushes out of the bowels of the earth at the rate of 30,000 gallons per twenty-four hours, is pure and sparkling. The depth of the well is 350 feet. The development of this well will greatly enhance the value of the Dresel farm, which is one of the finest in the valley. The resistant vineyard, on the place is one of the finest in the State. The successful well of this place.

Public Receiving Vault.

The public receiving vault being constructed in Mountain Cemetery by Wm. Trudgen is nearing completion and by the latter part of July it will be finished and turned over to the city by the committee having the construction in hand. It will be large enough to hold six coffins.

The Best Baking Powder

AND MOST ECONOMICAL.

Dr. Price's Cream Baking Powder. It is prepared with a greater care and accuracy, from finer and more expensive materials, competent chemists test every ingredient nothing is left to chance. No ammonia, alum or other adulterant taints this purest of human food products. Dr. Price's Cream Baking Powder is the embodiment of all the excellence that it is possible to attain. It is always uniform and reliable and retains its full strength until used. It is not only more economical because of its wonderful raising power, but by reason of its greater bulk, the cans being much larger than the ordinary kind, it will go farther and do better work. It never disappoints. Dr. Price's is the only baking powder that contains the whites of eggs.

THE GIRL IN THE GINGHAM GOWN.

She's so winsome and so witty,
She is surely worth a ditty,
This girl with eyes so brown;
With her lovely curling hair,
Her shy and yet coquettish air,
And her fresh gingham gown.

If ere by chance this maid I meet,
As I walk slowly through the street,
She glances down;
She looks so lovely and so sweet,
With flower-faint cheeks and girlish gleam,
And pretty gingham gown.

So daintily she trips along,
She's worthy of a better song
Of all fame and renown;
With dimpled face so fair and pure,
So roguish and yet so demure,
And simple gingham gown.

How my heart beats as she passes,
This flower and queen of all the tassels,
Within this busy town;
She has no need to be arrayed
In gems, her beauty's best displayed,
By her soft gingham gown.

I'd envy not the millionaire,
With all his treasures rich and rare,
Nor any King his crown;
If I could only claim the hand
Of the dearest girl in all the land,
The girl in the gingham gown.

CECIL CARROLL.

June 20, 1892.

Across the Deep, to the Far West.

On steamboats, cars and stage coaches, Hostetter's Stomach Bitters is carried as the most important item in the medical needs of the traveling public. It deprives vitiated, brackish water of its hurtful properties and exerts a powerful counteraction to the pernicious effects upon the stomach of bad or indigestible food, remedies cramps, heartburn and wind upon the stomach. It is a fine defense against malarial disorders, neutralizes the effects of excessive heat, cold and damp, relieves sick headaches, and is an incomparable cure for constipation and biliousness. The failure of travel often tells most disastrously upon invalids and convalescents occasionally to such an extent as to jeopardize life. Persons in feeble health, apprehensive of bad effects from travel, will, if provided with the Bitters, be far less likely to have their fears realized.

Deserving Praise.

We desire to say to one who, for years, we have been using, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never had a remedy that has done us so much good as these. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if an unqualified remedy does not follow their use. These remedies have won their great popularity purely on their merits. E. Wegman, New York.
